

Questions from the Board on Matters not on the Agenda

1. Road safety

What action is West Midlands Police taking to prevent and tackle crime and anti-social behaviour on our roads and reduce the number of people killed and seriously injured on our roads?

2. Prison releases

What action does West Midlands Police take, in collaboration with the probation service and other agencies, to monitor and supervise people released from prison, particularly those considered to have a high risk of reoffending, so as to ensure public safety?

3. Violent disorder

Whilst the West Midlands did not experience the significant violence and disorder that was seen in other regions, how did WMP prepare to deal with that threat and how has WMP learned from the action taken in other regions, to improve its preventative strategies?

4. Engage status

Can you provide an update on the position regarding the placing of West Midlands Police into 'Engage' status? Specifically, what key actions have been taken to address the concerns raised, and how are you ensuring that these changes will lead to long-term improvements in the force's performance to ensure the public receives the service it is entitled to?
