

**STRATEGIC POLICING AND CRIME BOARD
07 April 2015**

**Questions from the Board on matters not on
the agenda**

1. To what extent has there been variation in the use of Criminal Behaviour Orders across the Force area, and to what extent is the Chief Constable satisfied that there has been effective use, monitoring and enforcement of Criminal Behaviour Orders by West Midlands Police and partners since their introduction in 2014?

(To be asked by Ernie Hendricks)

2. Following the Home Office mandated merger of UK police helicopters in 2012, and the recent announcement of the closure of 10 National Police Air Service (NPAS) bases, can the Chief Constable confirm:

(a) What effect the level of service provided by the NPAS has had on demand from WMP?

(b) What the payment arrangements are for flying hours in 2015/16. How does this compare with the hours actually required in 2014/15?

(To be asked by Brendan Connor)
